SAFE

The D.F.O Hassan may be directed to send a report with in forty days.

Dear Sir,

I had given a representation to you last on behalf of the landless people of Gangoor and other Villages, Arkalgud Taluk requesting to release about 750 acres which are fit for wet and dry cultivation, Sri H. S. Rudrabba, your predecessor was good enough to pay a visit to this forest area and he had asked a report regarding the area fit for Cultivation in this forest. There are about 12 thickly populated villages adjoining this forest, & many of the people are landless and they have no other occupation to depend upon. This forest has no trees. There is vast extent on which plantation can be raised. This barren area has remained barren since a long time rendering no use either to the public or to Government.

I request you kindly to order to release at least 750 acres of land in Gobbali Forest, Arkalgud Taluk for distribution among landless Harijans and others so that these

Who have no other means of livelihood are provided at least 4 acres of land for each person.

Yours Sincerely,
G. A. Thiruvalsvelu
